

Are you ready for the 12th edition?

Chat questions and answers

1. **Succession planning?** You are “encouraged to develop a plan” for the absence of key positions. See standard 01.06.04 for examples of compliance.
2. **Green on green policy? Is it “avoid” or “prohibitive?” Which modes or levels?** For all modes and all levels, the standard reads “written policy addresses scheduling to avoid new employees working together.” Green is often defined as one year.
3. **Never events vs. Near miss explanation-** Never event- An event that should never occur however occurs despite risk assessment and preventive policies and practices.
Near miss- An unplanned event that did not result in injury, illness, or damage- but had the potential to do so.
4. **HPS submission? What to I need to upload?** There is a written plan in the Education Matrix of the standards. Documents and one video is required.
5. **For those nurses with CCRN & CEN do they need to take a transport-specific adv. certification?** These are accepted until 2025 after which there must be a written plan in place for meeting the standard.
6. **What is the definition of Long Range?** *Long Range Flight – defined as a flight requiring a planned tech stop on any patient leg, or in excess of 3 hours measured in time, not distance, because of winds, where there are no alternative capabilities for patient care needs or aviation operations.
7. **HROB team is on the unit, what clinical experience do they need?** Write objectives based on what they will need during transport and have them complete them on the unit.
8. **CTRN & CFRN- Do they need both if both are in the scope?** No- one is adequate!
9. **HROB team adv. Certification is not transport-specific.** RNC-OB meets compliance.
10. **“Sea level pressurization of the cabin” in standard 06.02.02 was deleted from the final version. Sorry for the confusion.**
11. **Where are the addendums?** Those are included with the purchased standards, in print or digital.
12. **Who do we submit scenarios to yearly?** You don’t need to submit your scenarios yearly, but you will need a written example of each type of scenario in your PIF attachments.
13. **Is there a list of Never Events?** Yes, it is in Best Practice and if you email me, I’ll send an example.
14. **Staff meetings have evolved to be more interactive; how do we use these meetings to meet CAMTS requirements?** That is a really good question, and we welcome suggestions for the 13th Edition!
